Welcome Aboard!

The Corvallis Transit System (CTS) is the public transit service for the City of Corvallis, providing residents, students and visitors with safe and reliable bus service. We are committed to making your trip a pleasant one. We're proud of our clean, modern bus fleet and our professional and courteous bus drivers.

"Where's My Bus" Real-Time Bus Information!

"Where's My Bus?" provides passengers real-time bus information at your desktop or on your smart phone. Mobile Users: All bus stops and shelters are marked with a five digit number and a QR code. Simply scan the QR code or type www.corvallistransit.com/mybus into your browser, then enter the five digit number to receive real-time bus ETA information for every route that services that particular stop. If you aren't at the stop and would like to know when your bus will arrive before you leave the coffee shop, class, or store, click the "find stops on the map" link at the above web address and select your stop. Desktop users: Navigate to www.corvallistransit.com and click the "Where's My Bus" icon near the top of the page. From the map, select your route and then stop to get the real-time ETA for your bus.

CTS Late Night Transit Service

Night Owl service is open to the public and operates Thursday, Friday and Saturday nights during OSU fall, winter and spring terms. For more information, pick up a Night Owl brochure, call 541-766-6998, or visit our website: www.corvallistransit.com/owl.

Fare

CTS is a fareless system and transfers between CTS buses are free. Transfers to connecting systems (Philomath Connection, L-B Loop, Coast to Valley, and 99 Express) are at their current rates.

Reading The Schedules

- Using the map, decide which route(s) serves where you are starting from and your destination.
- Identify the stops nearest these locations on the map for the direction you want to travel. The time points for each route are listed in the pertinent route inset.
- From the lettered time points, determine when your bus will arrive at your designated stop. Plan to be at your bus stop 5 minutes earlier than the expected arrival of the bus.
- Some CTS buses flow through or change from one route to another route at the Downtown Transit Center (DTC). Ask the driver what route the bus serves next and you might be able to get to your destination without the need for a transfer.

Trip Planning

For assistance in planning your trip, go to Google Transit at www.corvallistransit.com or call the CTS Customer Service line at 541-766-6998 (TTY same number) between 6:15 am and 9:15 pm Monday-Friday, between 7:15 am and 8:15 pm Saturday, or between 10:00 am and 6:00 pm on Sunday.

Holiday Service Schedule

CTS buses do not operate on New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, or Christmas Day.

Planning Bus Trips

Use this form to create your bus trip plan. **Be sure to request transfers when boarding the bus.**

USING ONE BUS ROUTE:

Destination	Bus Route #
Departure bus stop	Time
Arrival bus stop	Time

USING TWO BUS ROUTES:

Destination	Bus Route #
Departure bus stop	Time
Arrival bus stop	Time
Departure bus stop #	Time
Arrival bus stop	Time

TRIP NOTES:

Service During Severe Weather

During severe weather some route changes may be made. For current route information, call 541-766-6998 or visit www.corvallistransit.com.

Boarding The Bus

Boarding is allowed only at designated bus stops and shelters. Have strollers folded and ready to board when the bus arrives. CTS signs are posted at all stops. When the bus approaches, look for the bus route number and destination sign above the windshield. Feel free to confirm with the driver that you are boarding the correct bus. Do not attempt to board a bus which has pulled away from the curb; drivers are not permitted to return to the curb once the bus has departed.

Leaving The Bus

Signal about one block before your stop by pulling the signal cord, to give the driver enough time to react to your request. Use the rear door when exiting, unless you will be removing a bicycle from the bicycle rack. (See bicycle instructions). Do not cross in front of or behind the bus; wait for the bus to pull away before crossing the street.

Bicycles On The Bus

Buses are equipped with easy-to-use racks that hold two bicycles. Use of the rack is free and available on a first-come, first-served basis. When unloading your bicycle, exit through the front door of the bus and tell the driver you want to unload your bicycle.

Mobility Device Accessibility

Buses are equipped with lifts or ramps, and each bus has two securement positions for mobility devices. Your mobility device must be properly secured, and the driver will assist with securement.

Safety/Security And Courtesy

The driver has access to 911 in the case of an emergency. Refer to the CTS Passenger Rules on each bus for a complete list of rules. To help make riding the bus an enjoyable and safe experience for everyone, please keep in mind the following:

- Report any suspicious or unattended packages to the driver.
- Make front seats available for senior citizens and persons with disabilities.
- Containers of food or beverages are permitted only when sealed in spill-proof containers.
- Alcohol, guns, and weapons are strictly forbidden.
- Items which could cause chemical or grease damage or hazards like automobile batteries are prohibited.
- Over-sized objects that impede safe movement of passengers are not permitted.
- Animals, other than service animals, must be in secured carriers.
- Strollers must remain collapsed and closed while on board.

Lost And Found

CTS is not responsible for lost items. However, if you lose something while riding on a CTS bus, report it as soon as possible. Call 541-766-6998 during business hours and provide a description of the lost item(s), along with the route number, date and time of the loss.

Philomath Connection

The Philomath Connection, operated by CTS, provides service between Corvallis and within Philomath and Corvallis, including Oregon State University. For more information pick up a Philomath Connection map or call 541-766-6998 or visit www.corvallistransit.com/pc.

Linn-Benton Loop

The Linn-Benton Loop, operated by the City of Albany, provides service between and within Albany and Corvallis, including Oregon State University. For more information pick up a Linn-Benton Loop map or call 541-917-7667 or visit www.takeheloop.com.

Beaver Bus

The Beaver Bus, operated by Oregon State University, is a free shuttle in and around the OSU campus area. Visit the website at parking.oregonstate.edu/shuttle, call 541-737-2593, or track it online at www.osushuttles.com.

99 Express

The 99 Express, operated by Benton County, provides service between Corvallis and the City of Adair Village. For more information, call 541-752-2615 or visit www.co.benton.or.us/pw/st/rural.php.

Coast-To-Valley Express

The Coast-to-Valley Express, operated by Benton County, offers seven-day-a-week service between Corvallis and Newport. Call 541-752-2615 from Corvallis, or 541-265-4900 from Newport, or visit www.co.benton.or.us/pw/st/coast.php for more information.
